Standard packing spec.	Trays on pallets
Standard pallet quantity	2300 units
Quantity when boxed	150 units
Max label area***	200mm W x 137mm H
Commodity code	3923 3010
Country of manufacture	EU
Spec sheet issue/ref/date	Issue 2/LH/26.07.21

NOTES

Recycling: Products made from HDPE, PET and PP are recyclable in standard facilities in the UK.

*Closure application torque info is a recommendation only. Purchasers must satisfy themselves on the torque applied.

** Dispenser dip tube length is measured from the base of the cap/collar of trigger heads, lotion pumps and mist sprays to the interior base of the bottle.

*** NB: Dimensions given are the max area. Purchasers may use a smaller dimension to improve ease of application.

It is the purchaser's responsibility to ensure compatibility of the product with the intended contents and also with any other products which together form a combination.

Full drawings available on request.
