NOTES

Recycling: Products made from HDPE, rHDPE, PET and PP are recyclable in standard facilities in the UK.

*The colour of rHDPE bottles can be variable.

Closure application torque info is a recommendation only. Purchasers must satisfy themselves on the torque applied.

Dispenser dip tube length is measured from the base of the cap/collar of trigger heads, lotion pumps and mist sprays to the interior base of the bottle.

Label area dimensions given are the max area. Purchasers may use a smaller dimension to increase ease of application.

It is the purchaser's responsibility to ensure compatibility of the product with the intended contents and also with any other products which together form a combination.
